Katrina and Todd,

Just wanted to thank you for everything especially helping us getting access, equipment and your review of the documents. We hope that the study helped support your decisions and that you guys got as much out of the study as we did.

We wish you and entire team the best of luck!

Best,
Matt

Matt, just wanted to understand the review effort needed, if any. We will take it as the final.

Hi Katrina,

If there are factual errors or clarifications needed, we could make minor changes. Unfortunately, we have no budget for new analyses.

Thanks,
Matt

Katrina

On behalf of Matt Jefferson and Deana Crumbling at OSRTI/TIIB I am sending you the Technical Memorandum for the *Investigation of Lead Contamination at the Ethyl Blending and Lead Sweetening Areas*. This report describes the objectives, methods and results from the field work conducted at the Wilcox site in October 2017. This email contains the report, including text tables and figures. Two additional emails will follow:

Email 2 - Appendices 1, 2, 3 and 5 – sample list, photos, QC details, and field notes

Email 3 - Appendix 4 – electronic data files

We appreciate the opportunity to work with you and your team on this interesting assignment. If you have any questions on the report or data please feel free to contact Matt, Deana or myself.

Jim
